**INVENTOR'S ACKNOWLEDGEMENT
AND
CONFIRMATORY PATENT ASSIGNMENT**

This Assignment is made the **12th** day of **November** 2004

BY AND BETWEEN

FRANK COLIN BARKER ("the Inventor") of Aventis Pharma Limited, London Road, Holmes Chapel, Cheshire CW4 8BE, United Kingdom of the first part; and

AVENTIS PHARMA LIMITED ("the Assignee") a company registered in England under the number 01535640 whose registered office is at Aventis House, 50 Kings Hill Avenue, Kings Hill, West Malling, Kent ME19 4AH, United Kingdom of the second part

WHEREAS

1. The Inventor is the actual deviser of the invention ("the invention") described in United Kingdom Patent Application 0214667.8 (filed 26 June 2002) and other patent applications corresponding thereto and/or claiming priority therefrom, including without limitation International Patent Application PCT/GB2003/002558 (filed 13 June 2003) (collectively "the Patent Applications")
2. The invention was made by the Inventor in the course of his employment by the Assignee
3. The parties hereto have agreed that the rights to the invention rightfully belong to the Assignee

NOW THEREFORE IT IS AGREED as follows:

1. The Inventor hereby **ACKNOWLEDGES** that the invention arose in the course of his normal duties and the circumstances were such that an invention might reasonably have been expected to result from the carrying out of his duties, and that therefore all rights in and to the invention and the Patent Applications vest properly in the Assignee by virtue of Section 39 of the United Kingdom Patents Act 1977.
2. To the extent that notwithstanding the foregoing any rights to the Patent Applications or to the invention remain vested in the Inventor, in consideration of the sum of £1 (one pound sterling), receipt of which is hereby acknowledged, the Inventor hereby **ASSIGNS** the Patent Applications with full title guarantee to the Assignee, together with all the

Inventor's right title and interest thereto and to the invention, including the right to file patent applications in the UK and overseas in respect of the invention and to claim priority from the Patent Applications, along with any and all additional or divisional applications for patents for said invention, in all countries of the world including without limitation Australia, Bosnia-Herzegovina, Brazil, Canada, China, Colombia, Yugoslavia, Algeria, the Contracting States of the European Patent Convention, Hong Kong, Croatia, Indonesia, Israel, India, Japan, South Korea, Mexico, Norway, New Zealand, the Philippines, Russia, Singapore, South Africa and other countries of the Patent Cooperation Treaty, as well as countries that are not, or were not at the time the said international patent application was filed, parties to the Patent Cooperation Treaty including without limitation Argentina, Bolivia, Chile, El Salvador, Guatemala, Honduras, Panama, Paraguay, Peru, Uruguay, Venezuela, Egypt, Jordan, Lebanon, Syria, the countries of the Gulf Cooperation Council, Malaysia, Pakistan, Taiwan and Thailand, and including the full right to claim for any such application the benefits, including priority rights, of any international convention, arrangement, or treaty, as fully and entirely as the inventor could have done if the application had been filed in the inventor's name.

3. The inventor further undertakes that he will (at the expense of the Assignee) do all such things and execute all such documents as may reasonably be required by the Assignee in order to perfect the Assignee's title to the Patent Applications and to enable the Patent Applications and any and all patent applications (in the United Kingdom or overseas) derived therefrom or corresponding thereto to be filed and prosecuted in the sole name of the Assignee.
4. The Assignment hereby effected shall be effective from 28 June 2002.

IN WITNESS whereof the parties hereto have executed this Agreement as of the date first written above
