**Solicitud de registro de patente de invención denominada
“DERIVADOS DE LA PIRIDAZINONA”**

Solicitante: MERCK PATENT GMBH

Yo **Juanita Acosta Gómez**, identificada como aparece al pie de mi firma, y obrando en mi condición de apoderado de **MERCK PATENT GMBH**, solicitante de la patente en referencia, y dando alcance al memorial radicado en fecha 23 de Octubre de 2012, mediante el cual se dio respuesta al Oficio **No. 13032** notificado por fijación en lista el 27 de Julio de 2012, atentamente informo al despacho lo siguiente:

1. NUEVO CAPÍTULO REIVINDICATORIO

Con el fin de dar mayor precisión al objeto de la presente invención me permito anexar el texto del **nuevo capítulo reivindicatorio compuesto por 2 reivindicaciones**, que encuentran su debido sustento en el texto de las reivindicaciones y la descripción originalmente presentadas, sin que ello conlleve ampliación de la invención.

A continuación se explicará cómo este nuevo capítulo reivindicatorio contiene la siguiente variación:

- La nueva reivindicación 1 define únicamente los compuestos a proteger a partir de la sustitución de los radicales R1, R2 y R3. Teniendo en cuenta lo anterior, ya no se revela la fórmula I y se ha eliminado la reivindicación 2, en la cual se definía el proceso de síntesis de los compuestos de la fórmula I con sus sales, tautómeros y estereoisómeros de utilidad farmacéutica.

- Una vez realizada la modificación el capítulo consiste entonces de dos reivindicaciones, las cuales sometemos ahora a su revisión.

2. Conclusión

Las modificaciones realizadas a las reivindicaciones de la presente solicitud de patente y las aclaraciones presentadas a lo largo del presente escrito, permiten superar completamente las objeciones realizadas a la claridad de las reivindicaciones, por lo cual, la presente solicitud cumple a cabalidad las exigencias establecidas por el Artículo 30 de la Decisión 486 y el Artículo 22 del Tratado de Cooperación en Materia de Patentes PCT, según los requerimientos del examinador.

En consecuencia, me permito solicitar a ese Despacho, proceder con la revisión de las modificaciones y de los argumentos aquí presentados, para conceder el privilegio de patente solicitado para la materia objeto de las 2 reivindicaciones ahora presentadas en el capítulo reivindicatorio modificado, y que de subsistir alguna duda o inquietud con respecto a la patentabilidad de la presente invención, a pesar de las modificaciones y argumentos técnicos ahora presentados, sin apartarse del espíritu inventivo originalmente revelado en la solicitud internacional, se le brinde la oportunidad al solicitante de aclararla o de limitar aún más la invención, mediante la emisión de un segundo examen de fondo, teniendo en cuenta el nuevo capítulo reivindicatorio que se somete a revisión, antes de que se emita una decisión definitiva por parte de ese Despacho, de conformidad con lo dispuesto en 1.2.2.5.1 del artículo primero de la Resolución 54093 de 2012.

3. Anexos

- Capítulo reivindicatorio modificado, en donde se han llevado a cabo las modificaciones mencionadas anteriormente.
- Sustitución de poder del Dr. Darío Cárdenas Navas en mi favor donde se me habilita para continuar con los trámites en referencia.
- Recibo 13-000724

4. Petición

Solicito al Despacho que proceda a emitir un segundo examen de fondo sobre el nuevo capítulo reivindicatorio, en el evento en que el examinador considere que pese a las modificaciones presentadas, aún persisten las objeciones planteadas.

Atentamente,

JUANITA ACOSTA GOMEZ
