#	Title	Publication number	1st App. date	Applicant/Assignee	Relevance
1.	Polycarboxylate ether as dispersion agent for epoxy resins	CA2891085	2013-10-28	SIKA TECHNOL...	100 %
2.	Robust polycarboxylate containing ether linkages for milling preparation of cementitious materials	WO2010085425	2010-01-15	GCP APPLIED T...	99 %
3.	Milling aid for cement clinker based on polycarboxylate ethers and/or lignosulphonates	WO2014067991	2013-10-30	SIKA TECHNOL...	99 %
4.	Low-temperature method for preparing high-adaptability ether polycarboxylic acid water reducer	CN104177557	2014-08-22	GUIZHOU KZJ ...	99 %
5.	Admixtures and admixture formation used in concrete technology	WO2015014990	2013-08-02	CEMEX RESEA...	99 %
6.	Composition and method to prepare a concrete composition	WO200190024	2001-04-04	AKZO NOBEL*; ...	99 %
7.	Polycarboxylate superplasticizer for machine-made sand concrete	CN103664052	2013-11-29	SHANGHAI SUN...	99 %
8.	Method for preparing low-strength concrete by using polycarboxylate superplasticizer	CN102372467	2010-08-24	SHANGHAI TAIJ...	99 %
9.	Additive for hydraulically setting systems, the hydraulically setting mixtures and the use thereof	WO03106369	2002-06-12	AKZO NOBEL*; ...	99 %
10.	Derivatized polycarboxylate dispersants	WO200035965	1998-12-16	CONSTRUCTIO...	99 %
11.	Low-to-mid-range water reduction using polycarboxylate comb polymers	US2016090323	2015-02-17	GCP APPLIED T...	99 %
12.	Formulation and its use	WO2011029711	2010-08-20	BASF CONSTR...	99 %
13.	Direct preparation method for high-solid-content ether polycarboxylate water reducer	CN102875746	2012-10-19	NANJING R & D...	99 %
14.	Preparations comprising disperse dye and/or uv absorber	TW200914544	2007-09-28	DYSTAR COLO...	99 %
15.	Optimizing polycarboxylate admixtures for cementitious compositions	US2016362337	2015-06-15	GCP APPLIED T...	99 %
16.	Preparation method for ether polycarboxylate water reducer with controllable air-entraining amount	CN103819629	2014-03-04	NANJING R & D...	99 %
17.	Fast response time in slump monitoring systems	CA2927124	2014-09-30	GCP APPLIED T...	99 %
18.	Concrete slump maintaining agent of polycarboxylate	CN101066851	2007-06-18	JIANGSU BOTE...	99 %
19.	Polycarboxylate water reducer for ultra-compact concrete for nuclear power and preparation method of polycarboxylate water reducer	CN105330193	2015-11-24	TONGJI UNIVE...	99 %
20.	Polycarboxylate ether as a dispersing agent for inorganic pigment formulations	WO2009040042	2007-09-21	CLARIANT*	99 %
21.	Method for preparation of polycarboxylate superplasticizer by graft copolymerization of fatty acid vinyl ester onto acrylate polymer	CN104628961	2015-02-15	BEIJING UNIVE...	99 %
22.	Polyalkylene glycol-grafted polycarboxylate suspension and dispersing agent for cutting fluids and slurries	WO2011044717	2009-10-16	DOW GLOBAL T...	99 %
23.	Preparation method of high-performance star-shaped polycarboxylate superplasticizer	CN102887979	2012-10-22	BEIJING UNIVE...	99 %
24.	Self-compacting concrete comprises portion of blast furnace cement, which contains portion of portland cement clinker and portion of blast furnace slag, portion of limestone flour, and portion of coarse aggregate made of sand or gravel	DE102010011713	2010-03-17	BAUHAUS UNIV...	99 %
25.	Crosslinking-type low-sensitivity ester- ether copolymerized polycarboxylate superplasticizer and preparation method thereof	CN106046269	2016-06-22	KEZHUIE NEW ...	99 %
