ASSIGNMENT

Application No:

Filed:

Title: **Trifluoromethyl Alcohols as Modulators of ROR γ t**

For good and valuable consideration, the receipt and sufficiency of which are hereby agreed, each of the undersigned agrees to assign and hereby assigns to Phenex Pharmaceuticals AG, Donnersbergweg 1, Ludwigshafen, Germany 67059,

and its successors and assigns ("Assignee") the entire right, title, and interest in and to the inventions of such undersigned that are disclosed in the application listed above. Also assigned are (i) all rights in any and all other applications anywhere in the world that the undersigned may file and/or be named as an inventor of, solely or jointly, on said inventions, (ii) all rights in any and all patents that may be obtained on any of said applications, and (iii) all rights in any and all reissues, reexaminations, supplemental examinations, inter partes reviews, oppositions, post-grant reviews, supplementary protection certificates, and/or extensions thereof. The rights assigned include without limitation, the right to bring suit, the right to claim and retain all damages and/or seek other remedies for the past, present, and future infringement of any of the foregoing, and the right of priority (including without limitation the right to claim priority benefit of or to said patent applications.) The undersigned request the Commissioner for Patents in the United States and similar authorities outside the United States to issue said patents to and in the name of Assignee.

Each of the undersigned authorizes the attorneys of record in the application listed above to insert in this assignment the filing date and application number of the application listed above when officially known.

Each of the undersigned states that the application listed above is or was made or authorized to be made by him or her. Each of the undersigned believes himself or herself to be the original inventor or an original joint inventor of a claimed invention in the application listed above. Each of the undersigned acknowledges that any willful false statement made by him or her in this paragraph is punishable under 18 U.S.C. § 1001 by fine or imprisonment of not more than five years, or both.

Except in favor of Assignee, each of the undersigned warrants that: (i) he or she is the owner of all its rights, title and interests herein assigned and has the right to make this unconditional and irrevocable assignment to Assignee without obtaining any approval or permission of a third party; and (ii) there are no outstanding encumbrances, liens, prior assignments, licenses, or other obligations or restrictions on the rights, title and interests herein assigned.

Upon the request of Assignee and at no expense to the undersigned, each of the undersigned hereby agrees to execute any and all applications on said inventions (including without limitation applications or requests for the reissue, reexamination, or extension of the patent or for a supplementary protection certificate and any oath,

declaration, or affidavit relating thereto that Assignee may deem necessary or expedient, and to cooperate to the best of the ability of the undersigned with Assignee and perform any and all affirmative acts requested by Assignee to prepare, file, prosecute, maintain, defend, enforce, and vest in Assignee the rights, title, and interests assigned herein. These acts include, without limitation, preparing and executing statements and giving and producing evidence in support thereof, whereby said rights, title and interests will be held and enjoyed by Assignee to the full end of the term for which said patents may be granted as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment had not been made.

ASSIGNMENT

WHEREAS, PHENEX PHARMACEUTICALS AG ("Assignor"), a German Corporation, having a place of business at **Donnersbergweg 1, 67059 Ludwigshafen, Germany** is the sole owner of all right, title and interest in and to certain patents and/or patent applications set forth in Exhibit A ("Patents"), which Exhibit A is attached hereto and hereby made a part hereof; and

WHEREAS, JANSSEN BIOTECH INC. ("Assignee"), a Pennsylvania Corporation, having a place of business at, **800/850 Ridgeview Drive, Horsham, Pennsylvania** is desirous of acquiring the entire right, title and interest in and to the Patent Rights (as defined below);

NOW, THEREFORE, BE IT KNOWN, that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged said Assignor hereby assigns to said Assignee, its successors and assigns, the entire right, title and interest in and to the Patents in Exhibit A, hereto annexed, including without limitation:

- (a) the Patent(s) in each jurisdiction in which the Patent(s) was/is filed, validated or granted and all patent applications, patents and supplementary protection certificates which may derive or result from the same, including any divisionals, continuations, continuation-in-parts, reissues, reexaminations, extensions and registrations in relation to any thereof and all and any other rights in inventions comprised in the above (together referred to as "Patent Rights");
- (b) the benefit of all priority rights of the Patents; and
- (c) the right to file patent applications and to seek and obtain the grant of patents therefrom in other countries or jurisdictions with respect to the Patents or any other patent included in the Patent Rights.

The Assignor agrees to execute any further documents and to do all things which the Assignee may require in order to vest or confirm the vesting in the Assignee (or the Assignee's successors in title or nominees as the case may be) of the Patents and all other Patent Rights in all relevant jurisdictions and of all other property right, title and interest intended to be assigned, transferred or granted to the Assignee hereunder and to give the Assignee the full benefit of this Assignment including doing all acts which may be necessary or desirable to record the Patents in the name of the Assignee in all relevant jurisdictions. The Assignor hereby authorizes the Assignee and the Assignee's agents to sign all such forms on behalf of the Assignor as the Assignee considers appropriate in order to record the Patents and any other Patent Rights in the name of the Assignee.

IN WITNESS WHEREOF, ASSIGNOR and ASSIGNEE have caused this Assignment to be duly executed by their duly authorized representatives as of the date of the later of the parties' signatures.
