Simplified Power of Attorney for Latin America

Instructions sheet

Purpose of this form: In order to represent you or your client in Latin America we need a power of attorney (POA) for each country. To simplify this procedure we have created this simplified power of attorney. This form allow us to grant a POA to our local associates avoiding you to sign a POA for each country.

All the information we require from you is because it is required by the local IP Office in order to start the procedure.

Formalities: In most of the cases we require a simple signature using Hellosign. If you don't want to use this system, you can print it, sign it, scan it and send a copy of this POA, BUT, it is possible that in a particular case an examiner requests a physical copy and to comply with an additional formality such as an apostille. If you print and sign this POA keep the original for your records as it can be required in a physical manner in any moment.

Legalization Cost: We will try to keep the cost of getting the POA as low as possible, but if an additional formality or original copy is required by a local examiner then you will have an additional fee of 150 USD/€ per country to comply with the formality and to ship the original document. In any case, we will let you know before incurring in such expenses.

A. Coverage: Please select the matters and countries where you require our services. You can select as many matters and countries as you wish.

If you are not sure please select the first option. all the matters / all the countries this will avoid having to grant other POA in the future.

In case you just want us to have a POA for a very specific case you can determine it in the field A.3 "specific matter", an acceptable example specification will be: "Trademark "The Sample", in class 3 in Costa Rica and Brazil"

B. Type of Applicant: The applicant is the owner or future owner of the IP right. This applicant can be a legal entity (B.1) or an individual (B.2). Please select the right type of applicant. If you are filing for an IP right that is owned both by an entity and by an individual you can check both boxes.

In case the owners are two or more entities you have two options. Grant a POA per each application or in each field you add a number to the specific applicant and you repeat that number everytime you are giving information about that applicant. (example. 1.
