ASSIGNMENT BY INVENTORS

THIS ASSIGNMENT, made by Gregory P. Chang; Ann F. Cheung; Jinyan Du; Daniel Fallon; Asya Grinberg; William Haney; Steven O'Neil; and Ronnie Wei (the "Assignors");

WHEREAS, Bradley M. Lunde, Bianka Prinz, and Assignors have invented certain new and useful improvements in MULTI-SPECIFIC BINDING PROTEINS AND IMPROVEMENTS THEREON, set forth in International Application No. PCT/US2019/034186, filed on May 28, 2019 (the "Application"); and

WHEREAS, Dragonfly Therapeutics, Inc., a corporation having its principal place of business at 35 Gatehouse Drive, Waltham, Massachusetts 02451 (the "Assignee"), is desirous of acquiring all of Assignors' right, title and interest in and to said inventions and said Application, and in and to any letters patent to be obtained therefor and thereon.

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and sufficient consideration, the receipt of which is hereby acknowledged, Assignors have sold, assigned, transferred and set over, and by these presents do sell, assign, transfer and set over, unto Assignee, its successors, legal representatives and assigns, Assignors' entire right, title and interest in and to the above-mentioned inventions and Application, and in and to any and all direct and indirect divisions, continuations and continuations-in-part of said Application, and any and all letters patent in the United States and all foreign countries and regions which may be granted therefor and thereon, and reissues, reexaminations and extensions of said letters patent, and all rights under any and all United States laws and foreign and international agreements, treaties or laws relating to the protection of industrial property, including but not limited to any cause(s) of action and damages accruing prior to this assignment, including all rights to exclude others from practicing the claimed inventions and all rights to seek any and all remedies in law or equity, including damages and injunctive relief, for past, present, and future infringement, and the right to claim priority from the above-mentioned Application for any such applications and letters patent (collectively, the "Patent Rights"), the same to be held and enjoyed by Assignee, for its own use and benefit and the use and benefit of its successors, legal representatives and assigns, to the full end of the term or terms for which letters patent may be

granted and/or extended, as fully and entirely as the same would have been held and enjoyed by Assignors, had this sale and assignment not been made.

AND for the same consideration, Assignors hereby represent and warrant to Assignee, its successors, legal representatives and assigns, that, at the time of execution and delivery of these presents, except for any rights, titles and/or interests that have arisen to Assignee under law or that have already been transferred to Assignee, Assignors' right, title and interest in and to the said inventions and Patent Rights above-mentioned, are unencumbered and that Assignors have good and full right and lawful authority to sell and convey the same in the manner herein set forth.

AND for the same consideration, Assignors hereby covenant and agree to and with Assignee, its successors, legal representatives and assigns, that Assignors will sign all papers and documents, take all lawful oaths and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of any of the Patent Rights, without charge to Assignee, its successors, legal representatives and assigns, whenever counsel of Assignee, or counsel of its successors, legal representatives and assigns, shall advise: that any proceeding in connection with said inventions or Patent Rights is lawful and desirable.

AND Assignors hereby grant the following individuals the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document:

ASSIGNMENT BY INVENTORS

THIS ASSIGNMENT, made by Bradley M. Lunde and Bianka Prinz (hereinafter referred to as Assignors), respectively;

WHEREAS, Gregory P. Chang, Ann F. Cheung, Daniel Fallon, Asya Grinberg, William Haney, Steven O'Neil, Ronnie Wei, and Assignors have invented certain new and useful improvements in SINGLE-CHAIN VARIABLE FRAGMENT ANTIBODIES, *set forth in* a Provisional application for Letters Patent of the United States, already filed on May 28, 2018 as U.S. Application No. 62/677,137; and

WHEREAS, Adimab, LLC, a limited liability company having its principal place of business at 7 Lucent Drive, Lebanon, New Hampshire 03766 (hereinafter referred to as Assignee), is desirous of acquiring all of Assignors' right, title and interest in and to said inventions and said Application for Letters Patent of the United States, and in and to any Letters Patent of the United States to be obtained therefore and thereon.

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and sufficient consideration, the receipt of which is hereby acknowledged, Assignors have sold, assigned, transferred and set over, and by these presents do sell, assign, transfer and set over, unto Assignee, its successors, legal representatives and assigns, Assignors' entire right, title and interest in and to the above-mentioned inventions and application for Letters Patent, and in and to any and all direct and indirect divisions, continuations and continuations-in-part of said application, and any and all Letters Patent in the United States and all foreign countries which may be granted therefore and thereon, and reissues, reexaminations and extensions of said Letters Patent, and all rights under the International Convention for the Protection of Industrial Property, and the right to claim priority from the above-mentioned application for any such applications and Letter Patent, the same to be held and enjoyed by Assignee, for its own use and benefit and the use and benefit of its successors, legal representatives and assigns, to the full end of the term or terms for which Letters Patent may be granted and/or extended, as fully and entirely as the same would have been held and enjoyed by Assignors, had this sale and assignment not been made.

AND for the same consideration, Assignors hereby represent and warrant to Assignee, its successors, legal representatives and assigns, that, at the time of execution and delivery of these presents, except for any rights, titles and/or interests that have arisen to Assignee under law or that have already been transferred to Assignee, Assignors' right, title and interest in and to the said inventions and application for Letters Patent above-mentioned, are unencumbered and that Assignors have good and full right and lawful authority to sell and convey the same in the manner herein set forth.

AND for the same consideration, Assignors hereby covenant and agree to and with Assignee, its successors, legal representatives and assigns, that Assignors will sign all papers and documents, take all lawful oaths and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of any Letters Patent and applications for Letters Patent for said inventions, without charge to Assignee, its successors, legal representatives and assigns, whenever counsel of Assignee, or counsel of its successors, legal representatives and assigns, shall advise: that any proceeding in connection with said inventions, or said Provisional application for Letters Patent, or any proceeding in connection with any Letters Patent or applications for Letters Patent for said inventions in any country, including but not limited to interference proceedings, is lawful and desirable; or, that any division, continuation or continuation-in-part of any application for Letters Patent, or any reissue, reexamination or extension of any Letters Patent, to be obtained thereon, is lawful and desirable.

ASSIGNMENT/CONFIRMATION OF ASSIGNMENT OF PATENT RIGHTS

This Confirmatory Assignment, dated Feb 14, 2019 (the "Effective Date") is made by and between **Adimab, LLC**, a Delaware limited liability company having an address at **7 Lucent Drive, Lebanon, NH 03766, U.S.A.** ("Assignor"), and **Dragonfly Therapeutics, Inc.**, a corporation organized and existing under the laws of Delaware having business offices at **35 Gatehouse Drive, Waltham, MA 02451, U.S.A.** ("Assignee").

WHEREAS, Assignor and Assignee are parties to that certain Second Amended and Restated Collaboration Agreement, dated October 25, 2018, amending and restating the First Amended and Restated Collaboration Agreement dated April 27, 2018, which in turn amended and restated the Collaboration Agreement dated June 6, 2016, as amended on May 19, 2017; October 5, 2017; and February 6, 2018 (the "Agreement");

WHEREAS, prior to the transfer memorialized pursuant to this Confirmatory Assignment, Assignor was in possession of all right, title and interest in, to and under the patents and patent applications listed on Schedule A attached hereto together with the invention(s) described therein (the "Invention") and any application(s), and their continuation(s), continuation(s)-in-part, divisional(s), reissue(s), reexamination(s), extension(s), and substitution(s) thereof and Letter(s) Patent issuing thereon (collectively, the "Patent Rights"); and

WHEREAS, pursuant to the Agreement and the Option Exercise Notices dated February 13, 2018, and October 19, 2018, Assignor has transferred all of its right, title and interest in, to and under the Patent Rights and the Invention to Assignee;

NOW THEREFORE, for valuable consideration of US \$1.00, the receipt, adequacy and sufficiency of which is hereby acknowledged, Assignor and Assignee hereby agree:

Assignor, has sold, assigned, transferred and set over unto the said Assignee, its successors, legal representatives and assigns, and, solely to the extent that Assignor holds any of the rights, title, and/or interest in, to, and under the Patent Rights or the Invention or as otherwise specified in this paragraph, Assignor does hereby sell, assign, transfer, and set over unto the said Assignee, its successors, legal representatives and assigns, Assignor's entire right, title and interest in, to and under the said Invention, and the said Patent Rights and all applications claiming priority thereto under 35 U.S.C. § 119(e) and all divisions, renewals and continuations thereof, and all patents of the United States which may be granted thereon and all reissues and extensions thereof; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs which may be filed for said Invention in any country or countries foreign to the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from said Patent Rights under the Patent Laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models, inventors' certificates and designs which may be granted for said Invention in any country or countries

foreign to the United States and all extensions, renewals and reissues thereof; and all right to sue for infringement including past infringement and including all rights to exclude others from practicing the claimed inventions, and all rights to seek any and all remedies in law or equity, including damages and injunctive relief, for past, present, and future infringement.

Assignor hereby authorizes and requests the Commissioner for Patents and any Official of any country or countries foreign to the United States, whose duty it is to issue patents or other evidence or forms of industrial property protection on applications as aforesaid, to issue the same to the said Assignee, its successors, legal representatives and assigns, in accordance with the terms of this Confirmatory Assignment.

Assignor hereby covenants and agrees that Assignor has not executed, and will not execute, any agreement in conflict herewith.

Assignor hereby further covenants and agrees that Assignor will communicate to the Assignee, its successors, legal representatives and assigns, any facts known to Assignor respecting said Invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing, reissue and foreign applications, make all rightful oaths, and generally do everything possible to aid the said Assignee, its successors, legal representatives and assigns, to obtain and enforce proper protection for said Invention in all countries, but at its or their expense.

And, Assignor hereby authorizes the Assignee to record ownership of the Patent application and any patents issued thereon directly in Assignee's own name in any jurisdiction, municipality or agency in which recordation is required.

IN WITNESS WHEREOF, each of Assignor's and Assignee's authorized representatives has duly executed this Agreement as of the Effective Date.
