

IN THE UNITED STATES PATENT OFFICE (ISA/US)

Applicant: Metabolic Technologies, Inc. International Application No. .: PCT/US19/38948 International Filing Date: June 25, 2019 Title: STABILITY OF VITAMIN D IN BETA-HYDROXY- BETA- METHYLBUTYRATE (HMB)	Priority Date Claimed: June 25, 2018 Docket No.: 5419520/150490
--	--

**REQUEST TO PUBLISH INFORMATION CONCERNING PCT RULE 26bis.29(e):
PUBLICATION OF LATE SUBMITTED REQUEST TO CORRECT/ADD PRIORITY
CLAIM**

Pursuant to Rule 26bis, Applicant hereby petitions that the U.S. Receiving Office and the International Bureau to publish following priority claim in the above-identified international application:

U.S. Application Serial No. 62/689,305, filed on June 25, 2018.

The priority claim is listed in the specification but was unintentionally omitted from the PCT RO 101 Request Form. The 16-month time limit for Rule 26bis for adding the priority claim has passed. However, we request the IB to publish the information concerning this Rule 26bis.2(e).

Applicant submits a corrected PCT Request Sheet with the correct priority date.

Payment of special administrative fee of 50 Swiss francs is included. No further fees are believed to be necessary. Should any fee be required, the Commissioner is authorized to charge our Deposit Account No. 12-2250 and notify us of the same.

Respectfully submitted,

DAVIS BROWN LAW FIRM

Dated: December 15, 2020
