Asunto: COLOMBIA - Patent Application No. NC2019/0013685 in the name of STREAMER, ELECTRIC COMPANY INC.- Your Ref.: Pressure-CO - Our Ref.: 2019/52607

Confidencial

Patent: LIGHTNING ROD WITH PRESSURIZATION CHAMBER
Applicant: STREAMER, ELECTRIC COMPANY INC
File No.: NC2019/0013685
Our Ref. : 2019/52607
Your Ref. : Pressure-CO

Dear Colleagues

The ClarkeModet Group is committed to respect and enforce the sanctions imposed both by the EU and the US, regardless of whether they apply or not to a particular country where we operate given that the parent company is Spanish.

As it is very difficult for us to verify which clients, its officers, shareholders and final or beneficial owners appear in the OFAC blacklist (they change almost daily) and are therefore sanctioned, we have decided to take this measure.

Please note that we will relinquish all representation of your cases from here onwards and, hence, we will no longer be responsible for the outcome. We remain at your entire disposal to coordinate the transfer of your cases to your new agent.

We deeply regret all the inconvenience this might cause and remain at your disposal the minute the sanctions/embargo are cancelled. We sincerely hope that this situation changes soon.

Kind regards,

Alonso Castrillón
