Doncaster East, VIC, Australia, and
- (2) James Murray Shaw, a resident of
Parkdale, VIC, Australia, and
- (3) James Anthony Bonnar, a resident of
Ryde, New South Wales, Australia, and

have invented certain new and useful improvements and have filed the following application(s) disclosing the invention(s):

(a) Title:	Compositions of Trofinetide
Application No.	62/882,998
Filing Date:	5 August 2019
Docket No.	NRNZ-01071US1

WHEREAS, Neuren Pharmaceuticals Limited (hereinafter termed "Assignee"), a corporation, having a registered office at Level 15 PWC Tower, 188 Quay Street, Auckland, Country of New Zealand, wishes to acquire the entire right, title and interest in and to said application(s) and the invention(s) disclosed therein, and in and to all embodiments of the invention(s), heretofore conceived, made or discovered jointly or severally by said Inventors (all collectively hereinafter termed "said invention"), and in and to any and all patents, certificates of invention and other forms of protection thereon (hereinafter termed "patents") applied for through the Patent Cooperation Treaty or through any country or granted in any country.

NOW THEREFORE, for good and valuable consideration acknowledged by each of said Inventors to have been received in full from said Assignee:

1. Said Inventors do hereby sell, assign, transfer and convey to said Assignee, the entire right, title and interest (a) in and to said application(s) and said invention; (b) in and to all rights to apply in any or all countries of the world for patents, certificates of invention or other governmental grants on said invention, including the right to apply for patents pursuant to the International Convention for the Protection of Industrial Property or pursuant to any other convention, treaty, agreement or understanding; (c) in and to any and all applications filed and any and all patents, certificates of inventions or other governmental grants granted on said invention in the United States or any other country, including each and every application filed and each and every patent granted on any application which is a division, substitution, or continuation of any of said applications; (d) in and to each and every reissue or extension of any of said patents; and (e) in and to each and every patent claim resulting from a reexamination certificate for any and all of said patents.

2. Said Inventors hereby jointly and severally covenant and agree to cooperate with said Assignee to enable said Assignee to enjoy to the fullest extent the right, title and interest herein conveyed in the United States and other countries. Such cooperation by said Inventors shall include prompt production of pertinent facts and documents, giving of testimony, executing of petitions, oaths, specifications, declarations or other papers, and other assistance all to the

extent deemed necessary or desirable by said Assignee (a) for perfecting in said Assignee the right, title and interest herein conveyed; (b) for complying with any duty of disclosure; (c) for prosecuting any of said applications; (d) for filing and prosecuting substitute, divisional, continuing or additional applications covering said invention; (e) for filing and prosecuting applications for reissue of any of said patents; (f) for interference or other priority proceedings involving said invention; and (g) for legal proceedings involving said invention and any applications therefor and any patents granted thereon, including without limitation opposition proceedings, cancellation proceedings, priority contests, public use proceedings, reexamination proceedings, compulsory licensing proceedings, infringement actions and court actions; provided, however, that the expense incurred by said Inventors in providing such cooperation shall be paid for by said Assignee.

3. The terms and covenants of this Assignment shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon said Inventors, their respective heirs, legal representatives and assigns.

4. Said Inventors hereby jointly and severally warrant and represent that they have not entered and will not enter into any assignment, contract, or understanding in conflict herewith.

5. Said inventors understand and acknowledge that they have the right to seek independent counsel regarding whether or not to enter into this agreement ("make this Assignment"). Said inventors are not under an obligation to seek independent counsel, and if they elect not to do so, they understand and acknowledge that they take responsibility for their decision.

6. This Assignment may be executed in counterparts. If said Assignment is so executed, then all such counterparts together shall be considered a single instrument.

**CORPORATE TO CORPORATE
ASSIGNMENT OF PATENTS, APPLICATIONS, AND INVENTIONS**

WHEREAS, ACADIA Pharmaceuticals Inc., (hereinafter termed "the Assignor"), a company having a place of business at 3611 Valley Centre Drive, Suite 300, San Diego, California 92130, USA, is the owner of all of the below-named Inventor's right title and interest in the following patents and patent applications:

Title:	Compositions of Trofinetide
Inventor:	Matthew Peterson, having a residence in San Diego, California
Application No.:	US 62/882,998
Attorney Docket No.:	NRNZ-01071US1

WHEREAS, PATENT PROPERTY shall include each and all of the following:

(a) each of the foregoing patents and patent applications therefore and all documents from which any of the above patents and patent applications claim priority and the inventions disclosed therein, and all embodiments of such inventions heretofore assigned to ASSIGNOR [all collectively hereinafter termed "Inventions"];

(b) all rights to apply in any and all countries of the world for patents, certificates of invention or other governmental grants on said Inventions, including the right to apply for patents pursuant to the International Convention for the Protection of Industrial Property or pursuant to any other convention, treaty, agreement or understanding;

(c) any and all applications filed and any and all patents, certificates of invention or other governmental grants granted on said inventions in each and every country, including each and every application filed and each and every patent granted on any application which is a division, substitution, or continuation, of any of said applications;

(d) each and every reissue or extension of any of said patents;

(e) each and every patent claim resulting from a reexamination certificate for any and all of said patents, and

(f) the right to sue for and all claims for damages, profits or other recovery resulting from infringement, including past infringement, of any of the foregoing.

WHEREAS Neuren Pharmaceuticals Limited (hereinafter termed "Assignee"), a New Zealand company having Corporate Offices at Level 15 PWC Tower, 188 Quay Street, Auckland, Country of New Zealand, is to acquire from ASSIGNOR the entire rights, title and interest in and to said Patent Property.

NOW THEREFORE, for good and valuable consideration acknowledged by said ASSIGNOR to have been received in full from said ASSIGNEE:

1. ASSIGNOR hereby sells, assigns, transfers and otherwise conveys to ASSIGNEE, and ASSIGNEE's successors, legal representatives and assigns, the entire right, title, and interest in and to the PATENT PROPERTY.

2. ASSIGNOR further agrees to execute and cause to be executed such additional instruments as may be necessary or desirable to confirm the transfer of rights as herein contemplated, to record the transfer of rights in the United States and throughout the world, and to permit ASSIGNEE, and ASSIGNEE's successors, legal representatives and assigns to enforce the PATENT PROPERTY.

A handwritten signature, possibly of the name 'J', is located in the bottom right corner of the page.

IN WITNESS WHEREOF, the said ASSIGNOR has executed this instrument on the date as given below and delivered this instrument to said ASSIGNEE.

SOLE TO CORPORATE ASSIGNMENT

WHEREAS, the undersigned Inventor:

- (1) Karel Willy Luc Decroos, a resident of
Rozebroekstraat 99, Gent, 9040, Belgium

has invented certain new and useful improvements and have filed the following application(s) disclosing the invention(s):

(a) Title:	Compositions of Trofinetide
Application No.	US 62/882,998
Filing Date:	5 August 2019
Docket No.	NRNZ-01071US1

WHEREAS: Corden Pharma Brussels S.A., formerly known as Peptisyntha S.A., having an address at 310 rue de Ransbeek, 1120, Brussels, Belgium, wishes to acquire the entire right, title and interest in and to said application(s) and the invention(s) disclosed therein, and in and to all embodiments of the invention(s), heretofore conceived, made or discovered jointly or severally by said Inventor (all collectively hereinafter termed "said invention"), and in and to any and all patents, certificates of invention and other forms of protection thereon (hereinafter termed "patents") applied for through the Patent Cooperation Treaty or through any country or granted in any country.

NOW THEREFORE, for good and valuable consideration acknowledged by said Inventor to have been received in full from said Assignee:

1. Said Inventor does hereby sell, assign, transfer and convey to said Assignee, the entire right, title and interest (a) in and to said application(s) and said invention; (b) in and to all rights to apply in any or all countries of the world for patents, certificates of invention or other governmental grants on said invention, including the right to apply for patents pursuant to the International Convention for the Protection of Industrial Property or pursuant to any other convention, treaty, agreement or understanding; (c) in and to any and all applications filed and any and all patents, certificates of inventions or other governmental grants granted on said invention in the United States or any other country, including each and every application filed and each and every patent granted on any application which is a division, substitution, or continuation of any of said applications; (d) in and to each and every reissue or extension of any of said patents; and (e) in and to each and every patent claim resulting from a reexamination certificate for any and all of said patents.

2. Said Inventor hereby covenants and agrees to cooperate with said Assignee to enable said Assignee to enjoy to the fullest extent the right, title and interest herein conveyed in the United States and other countries. Such cooperation by said Inventor shall include prompt production of pertinent facts and documents, giving of testimony, executing of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by said Assignee (a) for perfecting in said Assignee the right, title and interest herein conveyed; (b) for complying with any duty of disclosure; (c) for prosecuting any of said applications; (d) for filing and prosecuting substitute, divisional, continuing or additional applications covering said invention; (e) for filing and prosecuting applications for reissue of any of said patents; (f) for interference or other priority proceedings involving said invention; and (g) for legal proceedings involving said invention and any applications therefor and any patents granted thereon, including without limitation opposition proceedings, cancellation proceedings, priority contests, public use proceedings, reexamination proceedings, compulsory licensing

proceedings, infringement actions and court actions; provided, however, that the expense incurred by said Inventor in providing such cooperation shall be paid for by said Assignee.

3. The terms and covenants of this Assignment shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon said Inventor, his respective heirs, legal representatives and assigns.

4. Said Inventor hereby warrants and represents that he have not entered and will not enter into any assignment, contract, or understanding in conflict herewith.

5. Said inventor understands and acknowledges that he has the right to seek independent counsel regarding whether or not to enter into this agreement ("make this Assignment"). Said inventor is not under an obligation to seek independent counsel, and if he elects not to do so, he understands and acknowledges that he take responsibility for his decision.

**CORPORATE TO CORPORATE
ASSIGNMENT OF PATENTS, APPLICATIONS, AND INVENTIONS**

WHEREAS, Corden Pharma Brussels S.A. (hereinafter termed "ASSIGNOR"), formerly known as Peptisyntha S.A., having an address at 310 rue de Ransbeek, 1120, Brussels, Belgium, is the owner of all of the below-named Inventor's right title and interest in the following patents and patent applications:

Title:	Compositions of Trofinetide
Inventors:	Etienne David Frank Philippe Moniotte, Kruisboogschuttersstraat 6, Vilvoorde, 1800, Belgium; Karel Willy Luc Decroos, Rozebroekstraat 99, Gent, 9040, Belgium; Martin Bernard Catherine Bousmanne, Avenue des Pleiades 53, Woluwe Saint-Lambert, 1200, Belgium; and Cecilia Betti, Rue du Tocsin 14, Bruxelles, 1000, Belgium
Application No.:	US 62/882,998
Attorney Docket No.:	NRNZ-01071US1

WHEREAS, PATENT PROPERTY shall include each and all of the following:

(a) each of the foregoing patents and patent applications therefore and all documents from which any of the above patents and patent applications claim priority and the inventions disclosed therein, and all embodiments of such inventions heretofore assigned to ASSIGNOR [all collectively hereinafter termed "Inventions"];

(b) all rights to apply in any and all countries of the world for patents, certificates of invention or other governmental grants on said Inventions, including the right to apply for patents pursuant to the International Convention for the Protection of Industrial Property or pursuant to any other convention, treaty, agreement or understanding;

(c) any and all applications filed and any and all patents, certificates of invention or other governmental grants granted on said inventions in each and every country, including each and

every application filed and each and every patent granted on any application which is a division, substitution, or continuation, of any of said applications;

(d) each and every reissue or extension of any of said patents;

(e) each and every patent claim resulting from a reexamination certificate for any and all of said patents, and

(f) the right to sue for and all claims for damages, profits or other recovery resulting from infringement, including past infringement, of any of the foregoing.

WHEREAS Neuren Pharmaceuticals Limited (hereinafter termed "ASSIGNEE"), a New Zealand company having Corporate Offices at Level 15 PWC Tower, 188 Quay Street, Auckland, Country of New Zealand, is to acquire from ASSIGNOR the entire rights, title and interest in and to said Patent Property.

NOW THEREFORE, for good and valuable consideration acknowledged by said ASSIGNOR to have been received in full from said ASSIGNEE:

1. ASSIGNOR hereby sells, assigns, transfers and otherwise conveys to ASSIGNEE, and ASSIGNEE's successors, legal representatives and assigns, the entire right, title, and interest in and to the PATENT PROPERTY.

2. ASSIGNOR further agrees to execute and cause to be executed such additional instruments as may be necessary or desirable to confirm the transfer of rights as herein contemplated, to record the transfer of rights in the United States and throughout the world, and to permit ASSIGNEE, and ASSIGNEE's successors, legal representatives and assigns to enforce the PATENT PROPERTY.

This ASSIGNMENT may be executed in counterparts. If this ASSIGNMENT is executed in counterparts, all counterparts together shall be considered to be a single instrument.

IN WITNESS WHEREOF, ASSIGNOR has caused this instrument to be executed by its duly authorized corporate office this 19th Day of May in the Country of BELGIUM.
