

ASSIGNMENT

We,

Laura Akullian D'AGOSTINO; Haibo LIU; Christopher Walton CARROLL; Veerabahu SHANMUGASUNDARAM; Brook BARAJAS
--

pursuant to contractual obligations heretofore assumed by us and/or for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, do hereby sell and assign and/or confirm the sale and assignment to **Celgene Corporation**, a Delaware corporation, having a place of business at 86 Morris Avenue, Summit, NJ 07901, and its successors, assigns and legal representatives, of all our rights, title and interest, which includes the right to and full benefit of such priorities as may now or hereafter be granted to us by local laws or by treaty, including any international convention for the protection of industrial property, in and for all countries of the world, including the United States and its territories and possessions, in and to the invention entitled:

**COMPOSITION AND METHODS FOR SELECTIVE DEGRADATION OF ENGINEERED
PROTEINS**

invented by us and described in the United States provisional Patent Application

Application Number 63/230,225, filed 06 August 2021,

including said United States provisional Patent Application and any patent application claiming priority from said United States provisional Patent Application, filed in any country, and any patents which may be issued and/or granted thereon, and all divisions, continuations, reissues, reexamination certificates and extensions thereof in all countries, said interest being the entire ownership of said invention and all of said patent applications, patents (including reissue patents), extensions and reexamination certificates to be held and enjoyed by Celgene Corporation and its successors and assigns to the full end of the terms to which said patents (including reissue patents), extensions and reexamination certificates may be granted and/or issued, as fully and entirely as the same would have been held and enjoyed by us if this sale, assignment and transfer had not been made;

And we hereby agree to communicate to said assignee or its representatives any facts known to us respecting said invention, to testify in any legal proceedings, to sign and/or execute any further documents and/or instruments which may be necessary, lawful and proper in and/or for the filing and/or prosecution of all patent applications, including divisional, continuation and reissue applications, extensions and reexamination certificates and/or the granting and/or issuance thereof and/or to otherwise secure title to said invention and all of said patent applications, patents (including reissue patents), extensions and reexamination certificates in said assignee, and in general to do everything possible to aid said assignee, and its successors and assigns to obtain and enforce proper protection for said invention in all countries.
