

STATEMENT CONCERNING OWNERSHIP OF PATENT APPLICATION PCT/US2022/019184

This Statement is provided by William N. Tally, President of Stage 2 Contract Engineering, LLC and Ravinder Sajwan, Chief Executive Officer of Renew Health Ltd. The statement concerns the ownership of the International Patent Application PCT/US2022/019184 titled "Water Treatment Modules and Method of Use Thereof" including provisional applications to which said International Patent Application claims priority and all national phase and other applications that claim priority to said International Patent Application. Renew Health Ltd is identified as the applicant of said International Patent Application.

The following employees of Stage 2 Contract Engineering, LLC are identified as inventors of said International Patent Application.

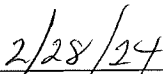

William N. Tally	Alex Ruffolo
Jeffrey Dupuis	Jack Juni
Victor Aldana	Thomas Reesbeck
Mitch O'Brien	
Jack Juni	

All inventors except Thomas Reesbeck have signed a worldwide assignment, assigning their rights as inventors to Renew Health Ltd as directed by Stage 2 Contract Engineering, LLC, in agreement with the inventors' employment contracts. Thomas Reesbeck has not agreed to sign the assignment. We stipulate here that the employment contract of Thomas Reesbeck requires him to assign his rights as directed by his employer and that he is required to assign the rights to Renew Health Ltd.

William N. Tally, President
Stage 2 Contract Engineering, LLC

Ravinder Sajwan, Chief Executive Officer
Renew Health Ltd.
