

ASSIGNMENT

WHEREAS Infiltrator Water Technologies, LLC., a Delaware limited liability company with offices at 4 Business Park Road, Old Saybrook, Connecticut 06475 ("IWT," "Assignor"), is the owner of the right title and interest in and to the Patents and Patent Applications set forth in Exhibit A:

WHEREAS, IWT is interested in transferring ownership of the Patents and Patent Applications to Advanced Drainage Systems, Inc., a Delaware corporation with offices at 4640 Trueman Boulevard, Hilliard, Ohio 43026 ("ADS," "Assignee"):

NOW THEREFORE, Assignor hereby assigns, transfers, and sets over unto Assignee, its lawful successors and assigns, Assignor's entire worldwide right, title, and interest in and to the Patents and Patent Applications, and any PCT International Applications and national stage applications based thereon that have been or may be filed, any other applications for patents filed anywhere in the world that claim this invention, and all divisions, continuations, and continuations-in-part of any such application that have been filed or may be filed, and all patents which may be granted thereon, and all reissues thereof, and all rights to claim priority in any country on the basis of any such applications, and all extensions, renewals, and reissues thereof (collectively "Related Applications");

And Assignor HEREBY authorizes and requests the Commissioner of Patents and Trademarks of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters Patent emanating from the Patents, including all Related Applications, to the Assignee, its successors and assigns, in accordance with the terms of this Assignment;

AND, Assignor HEREBY covenants that Assignor has not and will not execute any agreement in conflict with this Assignment;

AND, Assignor HEREBY covenants that Assignor will, without further consideration, communicate with Assignee, its successors and assigns, any facts known to it respecting the Patents and any Related Applications, and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title to the Patents or any Related Applications in said Assignee, its successors or assigns, execute all divisional, continuation, continuation-in-part, and reissue applications, make all rightful oaths and declarations and generally do everything possible to aid Assignee, its successors and assigns, to obtain and enforce proper patent protection for the Patents, any Related Applications, and any invention disclosed therein in the United States and any foreign country, it being understood that any expense incident to the execution of such papers shall be borne by the Assignee, its successors and assigns.

IN TESTIMONY WHEREOF, I have hereunto set my hand.
