

ASSIGNMENT

WHEREAS, I/We, the undersigned inventor(s) (hereinafter collectively referred to as ASSIGNOR), have invented a certain invention entitled:

NAPROXEN SODIUM TABLETS PRODUCED USING A CONTINUOUS PROCESS

which is described in:

- ☐ the attached specification and drawings
- ☒ United States Patent Application No. **63/353751**, filed on **June 20, 2022**;
- ☐ International Patent Application No. _____(Serial No.)_____, filed on _____(Date)_____;

WHEREAS, Bayer HealthCare LLC, a company organized and existing under the laws of the State of Delaware and having a place of business at 100 Bayer Boulevard, P.O. Box 915, Whippany, NJ 07981 (hereinafter referred to as ASSIGNEE), desires to acquire the entire worldwide right, title, and interest in and to the invention and all patent applications and patents directed thereto; and

WHEREAS, ASSIGNOR acknowledges a prior obligation to assign the invention(s) to ASSIGNEE.

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00), or the equivalent thereof, and other good and valuable consideration, the sufficiency and receipt of which are hereby acknowledged, ASSIGNOR hereby assigns and transfers to ASSIGNEE, its successors and assigns, the full and exclusive worldwide right, title and interest in and to the invention, the above-identified patent application and all other patent applications and patents directed to the invention which may be filed for or granted in the United States or any other country or jurisdiction, including any continuing application, divisional, renewal, substitute, reissue, reexamination, post-grant proceeding, or extension thereof, and the right to claim priority to any such patent application or patent, for the full term or terms for which the same may be granted.

ASSIGNOR hereby authorizes and requests the Director of the United States Patent and Trademark Office to issue any United States patents directed to the invention to ASSIGNEE. ASSIGNOR further irrevocably designates and appoints ASSIGNEE and its counsel as his/her attorney-in-fact and agent to act for and on his/her behalf to execute and file any document and to do all other lawfully permitted acts to further the purposes of this Agreement with the same legal force and effect as if executed by ASSIGNOR himself/herself. ASSIGNOR acknowledges that ASSIGNEE is the real party in interest to all patent applications described in connection with this Agreement, and to all patent rights granted thereon.

ASSIGNOR hereby authorizes and requests ASSIGNEE and its counsel to insert, in the spaces provided, any further identification, including the filing date and application number, when known, which may be necessary or desirable for purposes of recordation of this Assignment.

ASSIGNOR hereby covenants that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this Agreement; and

ASSIGNOR further covenants to promptly execute and deliver to ASSIGNEE or its legal representative all papers deemed necessary by ASSIGNEE to perfect title in the invention and apply for, maintain, and enforce related patent applications and patents, to provide ASSIGNEE with all pertinent facts and documents relating thereto, and to testify as to the same in any litigation or other proceeding.
