

ASSIGNMENT

We, Lyn Howard Jones, Huang Huang, Yingpeng Liu, Jianwei Che and Nikki Kong, the undersigned and hereinafter referred to as the **ASSIGNORS**, for good and valuable consideration, the receipt of which is hereby acknowledged, confirm that we have sold and assigned and do hereby assign, sell, and transfer to DANA-FARBER CANCER INSTITUTE, INC., with offices at 450 Brookline Avenue, Boston, MA, 02215, and its successors and assigns, hereinafter referred to as the **ASSIGNEE**, our entire right, title, and interest for the United States and all countries in and to the following:

(a) any and all inventions, discoveries, and improvements described in:

International Application No. PCT/US2023/029714, titled **MACROCYCLIC BCL6 DEGRADERS**, filed on August 8, 2023, which claims the benefit of priority of U.S. Provisional Application No. 63/396,381, filed August 9, 2022; U.S. Provisional Application No. 63/432,580, filed December 14, 2022; and U.S. Provisional Application No. 63/465,584, May 11, 2023,

hereinafter referred to as the **APPLICATION(S)**;

- (b) the **APPLICATION(S)** and all other applications that may be made therefor (including continuations; continuations-in-part; divisionals; international applications; national, including foreign national, applications; regional applications; and revivals) and all patents, utility models, design registrations, other rights of exclusion, and inventors' certifications therefor (including reissues, extensions, and renewals), based in whole or in part on any of the foregoing, in all countries, regions, and territories and under every treaty or convention;
- (c) the right to claim priority based on and the benefit of the filing date of the above applications; and
- (d) the right to pursue, collect, and retain damages and any other remedies arising from any past, present, or future infringement of the above patents, utility models, design registrations, rights of exclusion, and inventors' certifications and any other rights assigned by this **ASSIGNMENT**.

The above is intended to expressly grant the recited rights, titles, and interests in the People's Republic of China, the Republic of Korea, and Japan.

For the same consideration, we authorize the **ASSIGNEE** to apply for and pursue protection for procurement, maintenance, enforcement, and defense of any or all of the above inventions, discoveries, and improvements and any other rights, interests, and titles assigned by this **ASSIGNMENT** in all countries, regions, and territories in our names or in the **ASSIGNEE'S** name.

For the same consideration, we will communicate all known facts relating to the above applications, patents, utility models, design registrations, rights of exclusion, and inventors'

certifications to the ASSIGNEE or, at the request of the ASSIGNEE, to other parties; we will execute and provide all oaths, declarations, statements, testimony, assignments, powers of attorney, applications, and documents; and we will perform all other lawful acts necessary or desirable to fully secure to the ASSIGNEE the above rights, titles, and interests.

We represent and warrant that we have the right and power to make this ASSIGNMENT and that we have not made and will not make any other assignment that conflicts with this ASSIGNMENT. We covenant with the ASSIGNEE that no assignment, grant, mortgage, or other agreement affecting this ASSIGNMENT has been made or will be made to others by us.
