PATENT AND INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This PATENT AND INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (“Agreement”) dated as of June 30, 2024 (“Effective Date”) by and between **Separation Technologies LLC**, a Delaware corporation, having a place of business at 101 Hampton Avenue, Needham, Massachusetts 02494, (“Assignor”); and **ST Equipment & Technology LLC**, a Delaware corporation, having a place of business at 101 Hampton Avenue, Needham, Massachusetts 02494 (“Assignee”). Assignor and Assignee may hereinafter be referred to collectively as the “Parties” and individually as a “Party” when convenient.

RECITALS

A. Assignor is the owner of the entire right, title, and interest in and to the “Assigned Patents” and “Intellectual Property”, as defined below;

B. Assignor wishes to assign and sell to Assignee the entire right, title, and interest in and to the Assigned Patents and Intellectual Property and the causes of action to sue for infringement thereof and other enforcement rights; and

C. Assignee wishes to purchase and receive from Assignor the entire right, title, and interest in and to the Assigned Patents and Intellectual Property and the causes of action to sue for infringement thereof and other enforcement rights.

NOW, THEREFORE, in consideration of the terms and provisions contained herein and other good and valuable consideration, the receipt, adequacy, and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. DEFINITIONS.

“Assigned Patents” means: all related U.S. and international Patents and Patent Applications listed in the Appendix to Attachment 1, as may be amended from time to time.

“Patent” means: (a) a U.S. or international patent (b) all reissues, reexaminations, continuations, continuations-in-part, divisionals and extensions of such patent, including any resulting patents issuing from any or all of the foregoing; and (c) international counterparts, if any, to any or all of the foregoing, including, without limitation, utility models, design patents, certificates of invention and equivalent rights worldwide.

“Patent Application” means: (a) a U.S. or international patent application (b) all reissues, reexaminations, continuations, continuations-in-part, divisionals and extensions of such patent application, including any resulting patents issuing from any or all of the foregoing; and (c) international counterparts, if any, to any or all of the foregoing, including, without limitation, utility models, design patents, certificates of invention and equivalent rights worldwide.

“Intellectual Property” means all (a) patents, patent applications (including patents issued

thereon) and statutory invention registrations, including reissues, divisions, continuations, continuations in part, substitutions, renewals, extensions and reexaminations of any of the foregoing, and all rights in any of the foregoing provided by international treaties or conventions ("Patents"); (b) copyrightable works, copyrights, moral rights, mask work rights, database rights and design rights, whether or not registered, and all registrations and applications for registration of any of the foregoing, and all rights in and to any of the foregoing provided by international treaties or conventions; (c) confidential and proprietary information, including rights relating to know-how or trade secrets, including ideas, concepts, methods, models, techniques, inventions (whether patentable or unpatentable) and other works, whether or not developed or reduced to practice, customer, vendor and prospect lists and all associated information or databases, and other confidential or proprietary information; and (d) all trademarks, service marks, logos, trade dress, trade names, domain names indicating the source of goods or services, and other indicia of commercial source or origin (whether registered, common law, statutory or otherwise), all registrations and applications to register and renewals of the foregoing anywhere in the world and all goodwill associated therewith.

2. PURCHASE AND SALE OF ASSIGNED PATENT RIGHTS AND INTELLECTUAL PROPERTY.

2.1. **Assignment.** For \$1.00 and other good and valuable consideration, hereby acknowledged, Assignor hereby sells, assigns, transfers and conveys to Assignee all right, title and interest it has in and to all Intellectual Property and the Assigned Patents, including, without limitation, (i) inventions, invention disclosures, and discoveries specifically disclosed in any of the Assigned Patents, (ii) any and all legal rights of Assignor to sue for past, present and future infringement, (iii) rights to collect royalties under the Assigned Patents and the Intellectual Property, and (iv) rights to prosecute all existing Assigned Patents and the Intellectual Property worldwide and to all causes of action and enforcement rights it has, whether known, unknown, currently pending, filed, or otherwise, for the Assigned Patents and the Intellectual Property including, without limitation, all its rights to pursue damages, injunctive relief and other remedies for past, current and future infringement of the Assigned Patents and the Intellectual Property. Assignee agrees to honor all license and related agreements and the obligations thereunder entered into prior to the Effective Date by Assignor with third parties for the Assigned Patents or Intellectual Property.

2.2. **Assignment Document.** Assignor shall execute an assignment attached hereto as Attachment 1 suitable for filing with the U.S. Patent & Trademark Office and other patent offices worldwide.

2.3. **Cooperation After Effective Date.** Assignor agrees to execute and deliver such other instruments and perform such other acts as may be reasonably necessary for effecting the transfer of ownership in and to the Assigned Patents and Intellectual Property and assist Assignee in obtaining, perfecting, sustaining or enforcing the Assigned Patents and Intellectual Property as contemplated hereby, including, without limitation, execution, acknowledgement and recordation of other such papers as necessary for fully perfecting and conveying the Assignee the benefit of the transfer.

3. ASSIGNOR'S AUTHORITY TO SELL AND TRANSFER ASSIGNED PATENTS AND INTELLECTUAL PROPERTY.

3.1. **Authority.** Assignor is a company duly formed, validly existing, and in good standing under the laws of the jurisdiction of its formation. Assignor has full power and authority and has obtained all third party consents, approvals, and/or other authorizations required to enter into this Agreement and to carry out its obligations hereunder, including, without limitation, the assignment of the Assigned Patents and Intellectual Property to Assignee.

3.2. **Title and Contest.** Assignor owns all right, title, and interest to the Assigned Patents and Intellectual Property, including, without limitation, all right, title, and interest to sue for infringement of the Assigned Patents and Intellectual Property.

3.3. **Assignment.** Assignor warrants that (i) no assignment of the Assigned Patents and Intellectual Property has been made to a party other than Assignee, and (ii) there is no obligation to make any assignment of the Assigned Patents and Intellectual Property to any party other than Assignee.

4. REPRESENTATIONS AND WARRANTIES. NEITHER PARTY MAKES ANY REPRESENTATIONS OR WARRANTIES UNDER THIS AGREEMENT EXCEPT FOR THE REPRESENTATIONS AND WARRANTIES EXPRESSLY MADE BY THE PARTY ABOVE. EACH PARTY DISCLAIMS ALL OTHER REPRESENTATIONS AND WARRANTIES, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT.

5. LIMITATION OF LIABILITY. NEITHER PARTY SHALL BE LIABLE TO THE OTHER FOR LOSS OF PROFITS, OR ANY OTHER INDIRECT OR SPECIAL, CONSEQUENTIAL, PUNITIVE OR INCIDENTAL DAMAGES, HOWEVER CAUSED, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGE. THE PARTIES ACKNOWLEDGE THAT THESE LIMITATIONS ON POTENTIAL LIABILITIES WERE AN ESSENTIAL ELEMENT IN SETTING CONSIDERATION UNDER THIS AGREEMENT.

6. MISCELLANEOUS.

6.1. **Governing Law; Venue.** This Agreement will be construed and enforced in accordance with the laws of the State of Virginia applicable to contracts made and to be performed exclusively within such Commonwealth. Venue for any action arising under, in connection with or relating to this Agreement shall lie exclusively in the Federal or state courts situated in the State of Virginia, and each Party consents to such courts' exclusive jurisdiction.

6.2. **Severability.** If any provision of this Agreement shall be held invalid or unenforceable, such invalidity or unenforceability shall attach only to such provision and shall not in any manner affect or render invalid or unenforceable any other severable provision of this Agreement, and this Agreement shall be carried out as if any such invalid or unenforceable provisions were not contained herein.

6.3. **Waiver.** No waiver of any provision of this Agreement will be effective unless it is in writing and signed by the Party against which it is sought to be enforced. The delay or failure

by either Party to exercise or enforce any of its rights under this Agreement is not a waiver of that Party's right to later enforce those rights, nor will any single or partial exercise of any such right preclude any other or further exercise of these rights or any other right.

6.4. **Entire Agreement.** This Agreement constitutes the entire agreement between the Parties with respect to the subject matter hereof, and merges and supersedes all prior and contemporaneous agreements, understandings, negotiations, and discussions. Neither of the Parties will be bound by any conditions, definitions, warranties, understandings, or representations with respect to the subject matter hereof other than as expressly provided herein. No oral explanation or oral information by either Party will alter the meaning or interpretation of this Agreement. The terms and conditions of this Agreement will prevail notwithstanding any different, conflicting or additional terms and conditions that may appear on any letter, email or other communication or other writing not expressly incorporated into this Agreement.

6.5. **Amendments.** This Agreement may not be modified or amended except by a written instrument executed by a duly authorized representative of each of the Parties.

6.6. **Compliance with Laws.** Notwithstanding anything contained in this Agreement to the contrary, the obligations of the Parties shall be subject to all applicable laws and this transaction, and to orders, regulations, directions or requests of any such government or regulatory authority.

6.7. **Rules of Construction.** The Article and Section headings in this Agreement are for reference purposes only and will not affect in any way the meaning or interpretation of this Agreement. Unless the context otherwise requires, as used in this Agreement, all terms used in the singular will be deemed to refer to the plural as well, and vice versa. The words "hereof," "herein" and "hereunder" and words of similar import referring to this Agreement refer to this Agreement as a whole and not to any particular provision of this Agreement. Whenever the words "include," "includes" or "including" are used in this Agreement, they will be deemed to be followed by the words "without limitation." References in this Agreement to "\$" will be deemed a reference to United States dollars unless otherwise specified.**Counterparts.** This Agreement may be executed in two or more counterparts, each of which will be deemed to be an original, but all of which together will constitute one agreement binding on the Parties, notwithstanding that both Parties are not signatories to the original or the same counterpart.

[Signature page immediately follows]

IN WITNESS WHEREOF, each Party has caused this Agreement to be duly executed on its behalf by an authorized representative on the Effective Date.
