(54) Title (EN): USE OF A CLASS OF ORGANIC ACID METAL COMPOUNDS AS ANIMAL FEED ADDITIVES

(54) Title (FR): UTILISATION D'UNE CLASSE DE COMPOSÉS MÉTALLIQUES D'ACIDE ORGANIQUE EN TANT QU'ADDITIFS ALIMENTAIRES POUR ANIMAUX

(57) Abstract:

(EN): The present invention belongs to the field of animal feed additives, and in particular relates to the use of a class of organic acid metal compounds and/or solvates thereof as animal feed additives or in the preparation of animal feed additives. The organic acid metal compound and/or the solvate thereof provided in the present invention can effectively make animals gain weight and increase feed conversion rate, and has a good effect on improving production performance of animals. Furthermore, when applied to animals, the organic acid metal compound and/or the solvate thereof provided in the present invention basically has no residues remaining in muscles, liver and other tissues of food animals.

(FR): La présente invention appartient au domaine des additifs alimentaires pour animaux, et concerne en particulier l'utilisation d'une classe de composés métalliques d'acide organique et/ou de solvates de ceux-ci en tant qu'additifs alimentaires pour animaux ou dans la préparation d'additifs alimentaires pour animaux. Le composé métallique d'acide organique et/ou le solvate de celui-ci selon la présente invention peuvent efficacement faire prendre du poids aux animaux et augmenter le taux de conversion alimentaire, et ont un bon effet sur l'amélioration de la performance de production d'animaux. En outre, lorsqu'il est appliqué sur des animaux, le composé métallique d'acide organique et/ou le solvate de celui-ci selon la présente invention ne laissent fondamentalement pas de résidu dans les muscles, le foie et d'autres tissus d'animaux destinés à l'alimentation.
