ASSIGNMENT

WHEREAS, I/We, **Brian T. Jones**, a citizen of the United States of America, **Joshua P. G. Taygerly**, a citizen of the United States of America, **Daniel L. Severance**, a citizen of the United States of America, **Jonathon S. Ryan**, a citizen of Australia, **Muzaffar Alam**, a citizen of the United States of America, **Melissa Fleury**, a citizen of Canada, **Ryan M. McFadden**, a citizen of the United States of America, and **Scott P. Simonovich**, a citizen of the United States of America ("**the inventors**"), have invented a certain new and useful invention or discovered certain improvements in **CHEMICAL COMPOUNDS AND USES THEREOF** (hereinafter referred to as "the invention and improvements"), for which provisional applications under § 111(b) were filed in the United States of America on **1 June 2023** under application number **63/505,508**, and **19 September 2023** under application number **63/583,600**; and for which one or more PCT international applications will be filed. I/We, **the inventors**, hereby authorize **IDEAYA Biosciences, Inc.**, and request that the filing date and the application number of said PCT application, when known, be inserted in the parentheses below.

(PCT/ _____ filed _____ 2024)

(PCT/ _____ filed _____ 2024)

WHEREAS, **IDEAYA Biosciences, Inc.**, having its principal place of business at 7000 Shoreline Court, Suite # 350, South San Francisco, CA 94080, is desirous of acquiring all rights, title and interest in and to said invention and improvements, in and to said applications for said invention and improvements, including without limitation the right to claim priority, and in and to any and all Patents that may be granted for or upon said invention and improvements and applications in the United States of America, its territories and possessions, and anywhere in the world.

NOW THEREFORE, to all whom it may concern, be it known that for good and valuable consideration, the receipt and sufficiency of which are hereby

acknowledged, I/We, **the inventors**, have sold, assigned and transferred, and by these presents do sell, assign and transfer unto the said **IDEAYA Biosciences, Inc.**, the full and exclusive right, title and interest, throughout the world, in, to and under the following:

- (a) the invention and improvements as set forth and described, for example, in the patent application specifications identified above;
- (b) all patent applications identified above;
- (c) any and all patent applications, including Patent Cooperation Treaty (PCT) applications, directed to the invention and improvements as set forth and described, for example, in the patent application specifications identified above;
- (d) any and all refilings, divisions, continuations, and continuations-in-part of the patent applications identified above;
- (e) any and all patents of the United States of America which may issue from any of the above items;
- (f) any and all extensions, reissue, and reexamination certificates of those patents of the United States of America which may issue from any of the above items;
- (g) any and all applications for the invention and improvements filed in any and all countries foreign to the United States of America;
- (h) any and all refilings, divisions, and continuations of those foreign-filed applications;
- (i) any and all patents, certificates including without limitation Supplementary Protection Certificate, and registrations of countries foreign to the United States of America which may issue from those foreign-filed applications, refilings, divisions, and continuations;
- (j) any and all renewals and extensions of, and additions to, the foreign-filed applications and patents, certificates including

without limitation Supplementary Protection Certificate, and registrations related thereto;

- (k) the right to claim priority to any of the foregoing, including without limitation priority rights under the International Convention; and
- (l) any and all claims, causes of action, and damages for past, present, and future infringement or other unauthorized use of the above items including without limitation provisional rights to reasonable royalties pursuant to 35 U.S.C. § 154(d), along with the right to sue and to collect damages and other relief from any and all parties.

I/We, **the inventors**, further agree that I/We will promptly execute and deliver to **IDEAYA Biosciences, Inc.** or its legal representatives any and all papers, instruments, and affidavits, including without limitation applications, declarations, oaths, and petitions, required to apply for, obtain, maintain, issue, and enforce all of the items listed above.

All of the above shall be held and enjoyed by **IDEAYA Biosciences, Inc.** and its successors, legal representatives, and assigns for their own use and benefit, for the full term for which the protections listed above may be granted, and **the inventors** authorize and request the United States Patent and Trademark Office and the patent office of all foreign countries to issue any Patents granted for said invention and improvements, whether on an application for said invention and improvements set forth above, or on any subsequently filed provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, or other related application, to **IDEAYA Biosciences, Inc.**, its successors and assigns, as the assignee of their entire interest in said invention and improvements and applications.
