## ASSIGNMENT

WHEREAS, I, **YAO, Tony Dung-Ling** (“ASSIGNOR”), have invented one or more inventions described in an application entitled:

### **IgE BINDING PROTEINS AND USES THEREOF**

and identified by International Application No. **PCT/US2024/037846**, filed in the U.S. Patent and Trademark Office as Receiving Office on July 12, 2024; Argentine Application No. **P240101834**, filed on July 15, 2024; and Taiwanese Application No. **113126447**, filed on July 15, 2024; and which applications claim priority to and the benefit of U.S. Patent Application Nos. 63/526,570, filed in the U.S. Patent and Trademark Office on July 13, 2023 and 63/605,695, filed in the U.S. Patent and Trademark Office on December 4, 2023; and

WHEREAS, **Phylaxis BioScience, LLC** (hereinafter “ASSIGNEE”), having its principal place of business at **100 Fillmore Street, #500, Denver, Colorado 80206, USA**, desires to acquire an interest therein;

NOW, THEREFORE, to all whom it may concern, be it known that for and in consideration of said agreements and of other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I have sold, assigned and transferred and do hereby sell, assign and transfer unto said ASSIGNEE, its successors, assigns and legal representatives, at least as early as the filing date of said application, my entire right, title and interest, which ASSIGNEE accepts, in and throughout the United States of America, its territories and all foreign countries, in and to the invention(s) described in said application, together with my entire right, title and interest, which ASSIGNEE accepts, in and to said application and such Letters Patent as may issue thereon, and applications that claim priority thereto under United States law or international or foreign convention and such Letters Patent (including equivalent granting documents) that may issue thereon, including but not limited to non-U.S., international, non-provisional, continuation, divisional, continuation-in-part, reissue, reexamination, extension, and substitution applications of said application and such Letters Patent, and the right to claim priority to said application for any such applications and Letters Patent, and any right, title and interest I may have in invention(s) and applications to which said application claims priority including U.S. provisional and non-provisional, and non-U.S. and international applications; said invention(s), applications and Letters Patent to be held and enjoyed by said ASSIGNEE for its own use and behalf and for its successors, assigns and legal representatives, to the full end of the term for which said Letters Patent may be granted as fully and entirely as the same would have been held by me had this assignment and sale not been made; I hereby convey all of my rights arising under or pursuant to any and all United States laws and foreign and international agreements, treaties or laws relating to the protection of industrial property by filing any such applications for Letters Patent, including but not limited to any cause(s) of action and damages accruing prior to this assignment, including all rights to exclude others from practicing the claimed invention(s) and all rights to seek any and all remedies in law or equity, including damages and injunctive relief, for past, present, and future infringement. I hereby acknowledge that this assignment, being of my entire right, title and interest in and to said invention(s) and applications, carries with it the right in ASSIGNEE to

apply for and obtain from competent authorities in all countries of the world any and all Letters Patent by attorneys and agents of ASSIGNEE's selection and the right to procure the grant of all Letters Patent to ASSIGNEE in its own name as assignee of my entire right, title and interest therein;

AND, I hereby represent, warrant, and covenant to ASSIGNEE, its successors, assigns and legal representatives, that at the time of execution of this Assignment, except for any rights, titles and/or interests that have arisen to ASSIGNEE under law or that have already been transferred to ASSIGNEE, that I have not made and will not hereafter make any assignment, contract, grant, mortgage, license, or other agreement and/or understanding affecting and/or conflicting with the rights, titles, and interests conveyed herein;

AND, I hereby further agree for myself and my executors and administrators to execute upon request any other lawful documents and likewise to perform any other lawful acts which may be deemed necessary to secure fully the aforesaid invention(s) and applications to said ASSIGNEE, its successors, assigns, and legal representatives, as well as to third parties at the request of Assignee, including the execution of documents (including, without limitation, petitions, specifications, oaths, assignments, disclaimers, declarations and affidavits) relating to non-provisional, substitution, continuation, divisional, continuation-in-part, reissue, reexamination, and corresponding foreign and international patent applications of the aforesaid invention(s) and applications, as requested by Assignee, and generally do everything possible to aid Assignee, its successors, assigns and legal representatives to obtain, record, maintain, and enforce full protection for the invention(s), applications and Letters Patent in all countries, but in each instance at Assignee's reasonable expense;

AND, I hereby further agree to provide documentary evidence and statements or testimony in any interference, derivation or post-grant proceeding, or other proceeding in which said invention(s) or any application or patent directed thereto may be involved;

AND, I hereby authorize ASSIGNEE or its attorneys or agents to insert the correct patent application number and filing date into this assignment, if none is indicated on the date of my execution of this assignment;

AND, Assignor does hereby authorize the Director of the United States Patent and Trademark Office and the appropriately empowered officials of all other governments to record the applications and Letters Patent and title thereto as the property of Assignee, its successors, assigns, or legal representatives in accordance with the terms of this instrument;

AND, I hereby authorize and request the Director of the United States Patent and Trademark Office and the appropriately empowered officials of all other governments to issue such Letters Patent as shall be granted upon said application, or applications based thereon, to said ASSIGNEE, its successors, assigns, or legal representatives.

IN TESTIMONY WHEREOF, I have duly executed on the date(s) set forth below this assignment, along with ASSIGNEE's authorized representative, where each ASSIGNOR and

said ASSIGNEE may execute this Assignment in counterparts, in which case each executed counterpart will be considered to be an original.

## ASSIGNMENT

WHEREAS, we, **BECKLUND, Bryan R.; JONES, Kyle S.; ECKLES, Andrew M.** and **ECKELMAN, Brendan P.** (each an "ASSIGNOR"), have invented one or more inventions described in an application entitled:

### **IgE BINDING PROTEINS AND USES THEREOF**

and identified by International Application No. **PCT/US2024/037846**, filed in the U.S. Patent and Trademark Office as Receiving Office on July 12, 2024; Argentine Application No. **P240101834**, filed on July 15, 2024; and Taiwanese Application No. **113126447**, filed on July 15, 2024; and which applications claim priority to and the benefit of U.S. Patent Application Nos. 63/526,570, filed in the U.S. Patent and Trademark Office on July 13, 2023 and 63/605,695, filed in the U.S. Patent and Trademark Office on December 4, 2023; and

WHEREAS, **Inhibrx Biosciences, Inc.** (hereinafter "ASSIGNEE"), having a business address at **11025 N. Torrey Pines Road, Suite 140, La Jolla, CA 92037, USA**, desires to acquire an interest therein, in accordance with agreements duly entered into with us;

NOW, THEREFORE, to all whom it may concern, be it known that for and in consideration of said agreements and of other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we have sold, assigned and transferred and do hereby sell, assign and transfer unto said ASSIGNEE, its successors, assigns and legal representatives, at least as early as the filing date of said application, our entire right, title and interest, which ASSIGNEE accepts, in and throughout the United States of America, its territories and all foreign countries, in and to the invention(s) described in said application, together with our entire right, title and interest, which ASSIGNEE accepts, in and to said application and such Letters Patent as may issue thereon, and applications that claim priority thereto under United States law or international or foreign convention and such Letters Patent (including equivalent granting documents) that may issue thereon, including but not limited to non-U.S., international, non-provisional, continuation, divisional, continuation-in-part, reissue, reexamination, extension, and substitution applications of said application and such Letters Patent, and the right to claim priority to said application for any such applications and Letters Patent, and any right, title and interest we may have in invention(s) and applications to which said application claims priority including U.S. provisional and non-provisional, and non-U.S. and international applications; said invention(s), applications and Letters Patent to be held and enjoyed by said ASSIGNEE for its own use and behalf and for its successors, assigns and legal representatives, to the full end of the term for which said Letters Patent may be granted as fully and entirely as the same would have been held by us had this assignment and sale not been made; we hereby convey all of our rights arising under or pursuant to any and all United States laws and foreign and international agreements, treaties or laws relating to the protection of industrial property by filing any such applications for Letters Patent, including but not limited to any cause(s) of action and damages accruing prior to this assignment, including all rights to exclude others from practicing the claimed invention(s) and all rights to seek any and all remedies in law or equity, including damages and injunctive relief, for past, present, and future infringement. We

hereby acknowledge that this assignment, being of our entire right, title and interest in and to said invention(s) and applications, carries with it the right in ASSIGNEE to apply for and obtain from competent authorities in all countries of the world any and all Letters Patent by attorneys and agents of ASSIGNEE's selection and the right to procure the grant of all Letters Patent to ASSIGNEE in its own name as assignee of our entire right, title and interest therein;

AND, we hereby represent, warrant, and covenant to ASSIGNEE, its successors, assigns and legal representatives, that at the time of execution of this Assignment, except for any rights, titles and/or interests that have arisen to ASSIGNEE under law or that have already been transferred to ASSIGNEE, that we have not made and will not hereafter make any assignment, contract, grant, mortgage, license, or other agreement and/or understanding affecting and/or conflicting with the rights, titles, and interests conveyed herein;

AND, we hereby further agree for ourselves and our executors and administrators to execute upon request any other lawful documents and likewise to perform any other lawful acts which may be deemed necessary to secure fully the aforesaid invention(s) and applications to said ASSIGNEE, its successors, assigns, and legal representatives, as well as to third parties at the request of Assignee, including the execution of documents (including, without limitation, petitions, specifications, oaths, assignments, disclaimers, declarations and affidavits) relating to non-provisional, substitution, continuation, divisional, continuation-in-part, reissue, reexamination, and corresponding foreign and international patent applications of the aforesaid invention(s) and applications, as requested by Assignee, and generally do everything possible to aid Assignee, its successors, assigns and legal representatives to obtain, record, maintain, and enforce full protection for the invention(s), applications and Letters Patent in all countries, but in each instance at Assignee's reasonable expense;

AND, we hereby further agree to provide documentary evidence and statements or testimony in any interference, derivation or post-grant proceeding, or other proceeding in which said invention(s) or any application or patent directed thereto may be involved;

AND, we hereby authorize ASSIGNEE or its attorneys or agents to insert the correct patent application number and filing date into this assignment, if none is indicated on the date of our execution of this assignment;

AND, Assignor does hereby authorize the Director of the United States Patent and Trademark Office and the appropriately empowered officials of all other governments to record the applications and Letters Patent and title thereto as the property of Assignee, its successors, assigns, or legal representatives in accordance with the terms of this instrument;

AND, we hereby authorize and request the Director of the United States Patent and Trademark Office and the appropriately empowered officials of all other governments to issue such Letters Patent as shall be granted upon said application, or applications based thereon, to said ASSIGNEE, its successors, assigns, or legal representatives.

IN TESTIMONY WHEREOF, we have duly executed on the date(s) set forth below this assignment, along with ASSIGNEE's authorized representative, where each ASSIGNOR and

said ASSIGNEE may execute this Assignment in counterparts, in which case each executed counterpart will be considered to be an original.
