A corporation of the state or country of USA
(hereinafter designated as the "Assignee"),

☐ I hereby acknowledge that I have assigned the above-identified invention by previous assignment (attached hereto) to Assignee which is hereby conformed for recordation in the US Patent Office and I confirm I have and do assign and transfer:

or

☒ For good and valuable consideration, the sufficiency of which is acknowledged, I hereby assign and transfer and/or have assigned and transferred to Assignee, such assignment being made effective as of August 7, 2023:

my entire right, title, and interest in, to, and under the Application, including all priority rights for other countries arising therefrom and the right to claim priority to the Application, all inventions or discoveries therein disclosed, and any and all Letters Patent of the United States, European Patent Office and of all other countries, which may be granted for such inventions or discoveries, or any of them, all such inventions or discoveries and all rights in such Application including any and all provisionals, substitutions, divisions, and continuations thereof, and to all Letters Patent that may be granted for said inventions and discoveries, and in and to all extensions, supplementary protection certificates, reexaminations, renewals, and reissues thereof, to be held and enjoyed by Assignee for its own use and enjoyment to the full end of the term or terms for which such Letters Patent may be granted, as fully and entirely as the same would have been held and enjoyed by me had this assignment and sale not been made.

I shall execute all papers necessary in connection with the Application in the United States Patent and Trademark Office, European Patent Office, any other patent offices, and under the Patent Cooperation Treaty, and any continuing, divisional, or reissue applications thereof, any reexamination of any of such applications, and any patent term extensions or supplementary protection certificates of any such applications and also to execute separate assignments in connection with such applications as the Assignee may deem necessary or expedient.

I shall execute all papers necessary in connection with any litigation or any other judicial proceeding in the United States or other country, or any administrative proceeding in the United States Patent and Trademark Office, European Patent Office, any other patent office, or under the Patent Cooperation Treaty concerning the Application(s) or any continuation, divisional, or reissue applications thereof, or any reexamination of any such applications, or any Letters Patent issued therefrom or any patent term extensions or supplementary protection certificates of any such applications and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with such litigation or proceeding.

I shall execute all papers and documents and perform any act which may be necessary in connection with claims or provisions of the International Convention for Protection of Industrial Property or similar agreements.

I shall do all other acts which, in the opinion of Assignee, may be necessary or desirable to secure the grant of Letters Patent to Assignee or its nominees, in the United States, by the European Patent Office and in all other countries where Assignee may desire to have such inventions or discoveries, or any of them, patented, with specifications and claims in such form as shall be approved by Assignee and to vest and confirm in Assignee or its nominees the full and complete legal and equitable title to all such Letters Patent.

I hereby (i) authorize and request the Commissioner of Patents to issue any and all Letters Patent of the United States resulting from the Application or any divisional, continuation, or reissue applications thereof, and any reexamination of any of such applications, to Assignee, and (ii) covenant that I have full right to convey the interest herein assigned, and that I have not executed, and will not execute, any agreement in conflict herewith.

I hereby grant the attorney of record the power to insert on this assignment any further identification which may be necessary or desirable in order to obtain legal recordation of this document.

General Assignment

WHEREAS, Janssen Research & Development, LLC, having its place of business at 920 US Route 202, P.O. Box 300, Raritan, NJ 08869, U.S.A, (hereinafter referred to as "Assignor"), is the owner of certain new and useful inventions relating to

STABILIZED CD3 ANTIGEN BINDING AGENTS AND METHODS OF USE THEREOF

hereinafter referred to as "Invention", for which on the 7th day of August 2023, US patent application no. 63/518,049 was filed at the USPTO (hereinafter referred to as "Patent Application(s)");

WHEREAS, Janssen Biotech, Inc. having its place of business at 800/850 Ridgeview Drive, Horsham, PA 19044 (hereinafter referred to as "Assignee") is desirous of acquiring Assignors' entire right, title and interest therein, including the right to claim priority of the above-mentioned Patent Application(s) for the Invention both domestic and foreign; and

WHEREAS, the conditions under which said Invention was made are such that the Assignor is desirous of assigning and transferring to Assignee the entire right, title and interest to said Invention, including the right to claim priority of the Patent Application(s), both domestic and foreign.

NOW, THEREFORE, BE IT KNOWN, that, for good and valuable consideration the receipt and sufficiency of which are hereby acknowledged by the Assignee, the Assignor for the avoidance of doubt assigns and transfers or has assigned and has transferred to the Assignee its entire right, title and interest, including the right to claim priority of the Patent Application(s) under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes, for the Invention, in and to said Invention, which is disclosed in the Patent Application(s), and in and to said Patent Application(s), and all foreign equivalents thereof, including all provisionals, substitutions, divisions, and continuations thereof, and in and to all Letters Patent, both domestic and foreign, that may be granted for said Invention, and in and to all extensions, supplementary protection certificates, reexaminations, renewals, reissues and limitations thereof, the same to be held and enjoyed by said Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor if this general assignment had not been made.

And for the purpose of obtaining patent protection in any foreign country, the Assignor hereby agrees that the assignment or confirmation of the assignment to the Assignee of any right, title and interest, in and to all said Inventions disclosed in said Patent Application(s) and in and to said Patent Application(s), and all foreign equivalents thereof, can be effected via a direct assignment by the inventor(s) of said Inventions to the Assignee without requiring the explicit confirmation of the Assignor.

The Assignor agrees that this general assignment is effective from August 7, 2023.

IN TESTIMONY WHEREOF, the Assignor and Assignee set hereunto their hand and seal this date.
