

ASSIGNMENT OF PATENT APPLICATION

FOR GOOD AND VALUABLE CONSIDERATION, the receipt, sufficiency and adequacy of which are hereby acknowledged, the undersigned (the "Inventor"), do hereby:

SELL, ASSIGN AND TRANSFER to **PharmaEssentia Corporation** (the "Assignee"), having a place of business at **2F-5, No.3 Park St., Nangang District, Taipei 115603, Taiwan**, the entire worldwide right, title and interest including the United States and all foreign countries in and to any and all inventions, subject matter and improvements disclosed in the application for **Patent Cooperation Treaty No. PCT/US24/55650**, which has been filed on **November 13, 2024**, and is entitled "**ANTI-PD-1 MONOCLONAL ANTIBODY, AND METHODS OF PREPARATION THEREOF**", (the "Invention"), such application and any and all divisional, continuing, substitute, renewal, reissue and other applications for patent which have been or shall be filed in the United States and all foreign countries based on the Invention and/or claims priority to the Invention; all original, reissued and reexamined patents which have been or shall be issued in the United States and all foreign (worldwide) countries based on the Invention; and specifically including the right to file foreign applications under the provisions of any convention or treaty and claim priority based on such application in the United States;

AUTHORIZE AND REQUEST the issuing authority to issue any and all United States and/or worldwide patents granted on Invention or any improvements thereof to the Assignee. Inventor further authorizes that Assignee may apply for and receive patents for Invention in Assignee's own name;

WARRANT AND COVENANT that no assignment, grant, mortgage, lien, license or other agreement affecting the rights and property herein conveyed has been or will be made to others by the undersigned, and that the full right to convey the same as herein expressed is possessed by the undersigned;

COVENANT that Inventor shall communicate to Assignee all known facts relating to the Invention, and generally do all lawful acts that Assignee shall consider desirable for securing, maintaining, and enforcing worldwide patent protection relating to the Invention and for vesting in Assignee the rights, titles, and interests herein conveyed. Inventor further covenants to provide any successor, assign, or legal representative of Assignee with the benefit and assistance provided to Assignee hereunder;

COVENANT, when requested and at the reasonable expense of the Assignee, to carry out in good faith the intent and purpose of this assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all such Invention and/or its improvements thereof; execute all rightful oaths, declarations, assignments, powers of attorney and other papers; communicate to the Assignee all facts known to the undersigned relating to such Invention and/or improvements and the history thereof; and generally do everything possible which the Assignee shall consider desirable for vesting title to such improvements in the Assignee, and for securing, maintaining and enforcing proper patent protection for such Invention and/or improvements;

COVENANT, that Inventor hereby grants Assignee the attorney of record the power to insert on this Assignment any further identification that may be necessary or desirable in order to comply
